KASPERTECH

ABOUT
US

We are a team of passionate designers and developers. We believe in integrating technology and developing software and devices that improve the lives of many people.

We know that nowadays a basic web presence through the creation of a website is necessary. At KasperTech we propose to design and develop the websites for you or your business. We are backed by **GUSEC** (one of India's leading startup support systems) and **SSIP** by Government of Gujarat.
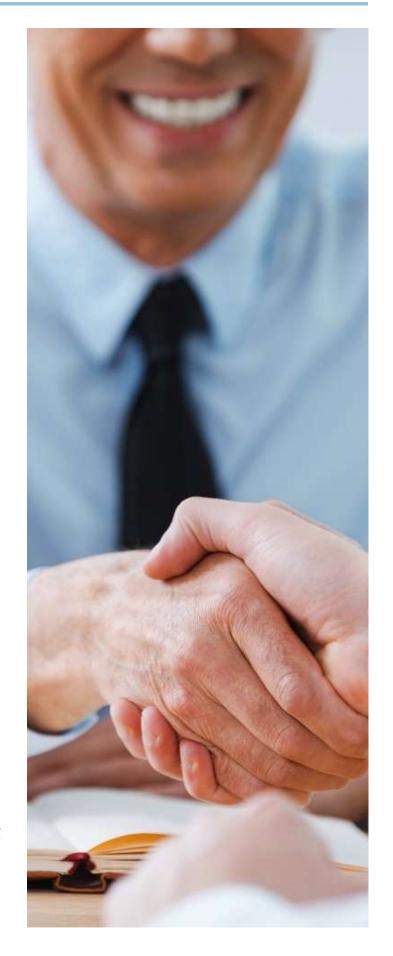

Our in-house teams of web designers and developers with over 12 years of combined experience uphold the highest standards for project planning and execution. Our team is dedicated to building the perfect website for your company on-time and on-budget.

WHAT WE
PROPOSE

We bring to you a comprehensive package that includes designing a cutting-edge website, complete with all its web pages and sub pages, fast loading web pages with clear visuals, and basic search engine submission and optimization.

All of our projects are specifically designed to meet you and your unique requirements. Because we code everything by hand, we'll give you exactly what you need with all the desired functionality.

DESIGN
METHODS
AND
CONTENT

It is essential to establish a polished and professional look for a website to generate leads from potential clients. Simplicity of visual design and ease of operation for the end user will be our high priority consideration at each stage of the design and development process. We create easily navigable and usable sites with attractive visual design, crafted with your feedback and to your satisfaction.

With an approved look established, the next step would be to add content and images supplied by you, incorporated with utmost perfection.

PRICING

We have a range of web development packages to suit your needs ranging from **Personal Portfolios**, Static and Dynamic **sites for you businesses** or **e-commerce sites** with starting price as low as Rs 5000/-

Prices starting at:

₹5,000 for Personal portfolios/websites
₹10,000 for websites for your business.
₹35,000 for E-Commerce websites

WHY US?

Well, with over 100,000 firms offering website development services, we know how challenging it can be to find the right agency for your web development needs. At KasperTech we hold one goal above all others: **100% client satisfaction**. Every company has unique functionality needs. It should choose a web developer that treats them as such. We'll be able to do those things and help you meet those needs.

Our developers keep performance the priority from the initial consulting phase to the end of the project. We keep things lightweight and bug-free, which also simplifies troubleshooting and backend support.

Our team has the experience needed to create a solution for you, no matter how basic or complex your functionality needs. At last it's about creating an online experience for your users.
